About Us

You Dream, We Make

Denic Cabinets offers a complete solution of design, manufacturing and installation of premium customized Kitchen units, built-in-cupboards and office furniture with efficient turnaround time. Our markets are 'Residential' – new/renovating home-owners; 'Corporate' – new/renovating offices or as a joinery sub-contractor & 'Retail' – Shopfitting. We manufacture all components of the cabinetry in our factory, with the help of qualified cabinet makers & designers who have a combined experience of 65 years in the industry. Denic Cabinets is a proudly South African, B-BBEE level 1 contributor in the carpentry industry.
